

Agent Recruitment Outreach — for Team Minik

Prepared for Michelle Minik · 30-day pilot · **Booked recruiting calls, done for you**

THE OPPORTUNITY

Team Minik grows by **recruiting agents** — that is the engine behind the splits, the revenue share, and the team. The bottleneck is always the same: a steady flow of the right agents to talk to. **That is exactly what we reach at scale.** Our outreach already lands in front of real-estate agents every day — the same people you recruit.

WHAT THE PILOT IS

For **30 days**, in **one market**, we run done-for-you outreach to licensed agents carrying **your** recruiting offer — your credibility, your splits, your leads and coaching — and we **book qualified recruiting calls straight onto your team's calendar.**

- **White-labeled** — it goes out as Team Minik / Michelle, not a vendor.
- **You stay the closer** — we do top-of-funnel; you run the recruiting calls.
- **Qualified only** — agents who raise their hand for better splits, leads, coaching.
- **Zero lift** — no work for your team beyond taking the calls.
- Live booking alerts + a simple weekly numbers report.

WHAT YOU ARE LOOKING FOR AT DAY 30

One answer: **did it put qualified agents on your recruiting calendar?** If yes, we scale across your markets. If not, you walk away having risked almost nothing.

INVESTMENT

Performance-based — you pay per booked, qualified recruiting call (or per agent who joins). No long-term contract, cancel anytime. Exact terms set on our call so we size it to your markets.

The system and sourcing are our IP — the pilot shows you everything that matters: the agents on your calendar.

NEXT STEPS

- 1 You share the **recruiting offer** + pick the **market**.
- 2 We set up in 3–5 business days and start the 30-day clock.
- 3 Weekly check-in; decision to scale at day 30.

Second lane, when you are ready: we can also run **seller / listing outbound** for the agents you already have, and **referral-partner outreach** (lenders, attorneys, builders) to feed the team deals.
